Hobbies

Psst... I love to learn from senseis! I trained in a kitchen to be a sushi chef, which has taught me a lot about precision, team work and delivering under pressure. Previous to coding, I have around 8+ years of experience working in restaurants and construction.

Work

Pigello, Frontend developer. 2023.04 — ff

Vite

TailwindCSS

Typescript

CI/CD

React

Cypress

Development of a management system within the real estate business. Agile sprints with a close team collaboration across the company.
